Dear Dr. Dawson,

Heber arrived here
safely; the best part of
what was left has found
a place in the Museum
of the University.

I shall be able to
fill the other half of
Heber with good things
to take home.

I am now awaiting the
decision of the new Govt.
in the new tariff question,
I hope to return by way
of N. York about 1 March.

If I cannot come via
Montreal & Stoh to thank
you personally for your
share in the exchange,
I will write you again
from England,

Believe me

Yours very truly
J. M. Fraser, D.
