

Pictou 25th Feb 1879

My Dear Sir

I have received yours
of 18th Inst with enclosures which
I have placed on file with your
other papers for future reference

There will be no difficulty
in procuring from our Sessions an
order for a pent road from the high
way to your property at East River
as soon as it becomes necessary but
this would not likely be granted
until the Court is satisfied that
it is actually required.

Yours Very Truly
