My dear Sir,

I trust that your work
Links in the Chain of Life will be ready
in the ensuing publishing season. As
to the Illustrations, it may be ne-
cessary to correspond further -

We understood, I may say, that
the cost of the cuts you supplied
was £15 - - - In addition, an order
has been made by committee for £100
consideration for copyright, which we
trust will be satisfactory -

You will no doubt wish to see the
proofs; as my own scientific know-
ledge is not sufficient to do justice

to your work - I can see, at any
rate the admirable pertinence as well
as cogency of your argument, &
anticipate much good as the result
of publishing it -

With much respect, I am,
my dear Sir,

Faithfully yours
Saml G. Green

Principal Dawson S. D.
