10th March 1879

Dear Sir

At its last meeting  
the Presb. of Montreal resolved to  
dedicate the evening of its next meeting  
(Tuesday 1st April) to a Conference  
on Sunday Schools, placing  
the arrangements in the hands of a Com.  
of which I am Convener. This  
Com. has met, & the rough draught of  
our programme is: — Report  
of General S. S. work within the  
bounds of the Presb. Spoken to  
by Dr. Macvicar, Judge Rossance  
et al., leaving some time for an  
open discussion. Then a model  
lesson, or exposition as to the method  
of teaching the lesson, for the  
following Sabbath, being

the sixth (6<sup>th</sup>) April.

The Com. of Rest. unanimously resolved to ask you to take this part. We hope you will comply with our request, for indeed we do not know to whom to go, if you refuse.

The lesson in question is "Sanctified Affliction" (Job 33:14-30)

The Conference is to be held in Eskine Church, & we hope to have a good attendance of Sunday School workers from town & country.

Half an hour is about the time we purpose giving to Exposition of the Lesson, but we shall be glad to meet your wishes in any way.

Will you kindly let us know as soon as possible if you can oblige the

Presbyterian in this matter?  
I may state that this Conference  
is being held at the suggestion  
of the Assembly's Com. on  
Sunday Schools.

I am dear Sir

Yours very truly
