Dear Mr Dawson

I have written Mr. White by to-day's mail on the subject which your letter and enclosure refers to, and have endorsed your notion that it is undesirable to create any irritation between the central Medical authority in England, and the Canadian Medical graduates; I have, at the same time, as briefly as possible, given him an idea of what I purpose to do during the period which will elapse before the next Session of Parliament.

As soon as I get the information I want from Fenwick, I will make a skeleton of the proposed Act.

Faithfully Yours

Dear Mr. Dawson

I have written Mr. White by a-
mail on the subject which your letter and
envelope refer to, and have enclosed
out water that it is unnecessary to
create any irritation between the central
Committee and the Board, and the
Canadian Medical Association. I have
at the same time, and chiefly so possibly
him as it is published I propose to do during
the period which will elapse before the next
session of Parliament.
