Dear Dr. Dawson: - I thank you for your
letter with the references to Hallings, Owen,
and your pamphlet. - I will write Prof.
Dwight about the Chaetetes. I told him he
was running great risks in naming the
species without more knowledge of those
which had been described. You note that
the Chaetetes occur in the same bed or layer
of the limestone at Rochdale which contains the
other fossils enumerated. Yours truly J. D. Dana
