Dear Dr Dawson

I have been requested by a particular friend in the City to procure or two letters of introduction to two gentlemen, friends of his, who are going to travel in Canada, Mr & Mrs Loorth Cameron and Mr Frank H. Rawlin, - all from Stone

They have but a short vacation, and are anxious to see as much of Canada as they can

If you will kindly favour them

them with any advice as
to what they ought to see, and
what to do, I should esteem
it a particular favor, as well
as by your extending to them
any further courtesy that may
be in your power.

Believe me, to be,

Yours very truly
