You did the Review,
and the intellectual public,
a grand service in publishing
such an article as was
contained in our number
for last November.

~~Would it be too much~~
~~to hope that, we might end~~

from your feet

~~with the life belt~~

your attention may be

turned to the important

issues at this time

step by step

moment

Yours truly,
W. H. [unclear]

for both the [unclear] and [unclear]
with [unclear] and [unclear] of the

[unclear] and [unclear] [unclear]

from your pen.

With the hope that
your strength may be
sufficient for this important
work, and with the assurance
of my highest respect

I remain

Yours M. Libbey

It is intended to give the
November number a very wide
circulation (free) in the interest
of this Review.
