Dear Dr. Dawson

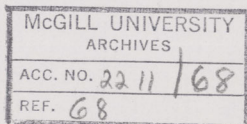

I now send you proofs  
of your interesting article  
and would request you,  
if it is convenient, to  
reduce its length by a  
few pages. Our readers  
complain, systematically  
of the too great length  
of articles, and I think

~~that~~ the attention will be  
held more closely if you  
will shorten the article.

This I leave, however,  
to your judgment, since  
you may deem it desirable  
to omit nothing.

With the kindest regards  
I remain  
Yours all,
