S. S. Moravien
Saturday Nov!

My dear Sir

Before quite taking
leave of Canada I hope to
be able to post at Ri-
mondi this line to
thank Mrs Dawson and
yourself for the papers
you kindly sent me. I
was very much interested
in what I saw of McGill
University, and in the ac-
count I heard of your son's
travels, and I shall be
glad to have this further

information for more
leisurely study.

My wife desires to
thank Mrs Dawson for
her very kind thought
in sending her the beau-
tiful leaves, which she
much admires. In
coming down the river
today we have seen much
to make us to carry away
some idea of the splendid
colours which the scenery
will put on in the next
few days.

With united kind
regards to yourself

and Mrs Dawson

I am

very sincerely yours

John Cox.
