Mr. J. H. Dawson S.S. W.

Dear Sir,

I cannot now
express my gratitude for your
prompt reply to my letter of
inquiry & for the valuable work
which you presented me.

Let me assure you it shall
always be most highly appre-
ciated for two reasons. First
because of the intrinsic merit
& excellence of the treatise &
secondly because donated by
the author to a comparative
stranger. It is just the
work which I need & I shall
endeavor to repay your kind-
ness in giving^{it} to me by a thorough

mastery of its contents.

Praying that our Heavenly
Father may long preserve your
life to be an able & brave
defender of the truth, proving
to a gain-saying world that
God's Book of Revelation & Book
of nature mutually harmon-
ize with- & supplement each
other,

I remain
Your brother in Christ
