Dr. J. W. Lawson:

W'r Sir,

I shipped yesterday to your address in Montreal, the box of fossils purchased by you from Mrs. Hart. I have paid for boxing, packing, paper and drayage and have packed the specimens securely. I believe you agreed to bear the expenses of packing. Please let me know of receipt and condition at arrival, of box.

Very Truly,

Willis N. Ruedel

P.S. The specimens are all from the same locality and many unlabeled. Some were labeled by students and their accuracy is of course, doubtful. I enclose a list which corresponds to a few numbered specimens
