

Gentlemen

I return herewith proof to show  
I believe what I hope you will  
deem safe,

~~Personal Memo~~  
~~I should have~~

I wish to call your attention to the  
fact that the Royal Bay was on  
the map a land parcel of me  
for the "New 2 yrs ago" case  
of "Lamb, & the Chain of Lake"  
I had hoped that this would  
have been an easy matter  
but it was kept quiet  
and proceeds, they and at  
the moment it seems as if  
it would <sup>not</sup> be out till about  
the same time with the  
Lamb Men. In this way  
the one end may interfere  
with the other and perhaps  
it would be well for you to  
see it given in the paper  
and any of your affairs of  
mine as my mind the value  
of both ends,
