PRESIDENT'S ROOM.

Mar. 6. - 1880.

My Dear Sir,

I have been requested by a body of clergymen to address them, in June, on the Present Relations of Scientific Thought to Christianity. Asking pardon for thus intruding upon you, I make bold to ask also the favor of your views upon these questions, viz:

1. Are a majority of the recognized authorities in Physical Science hostile to Christianity?
2. Is there any necessary antagonism between Christianity & Physical Science?
3. Is the study of Physical Science of necessity prejudicial, in the student himself, to a personal acceptance of Christianity?

If not asking too much, I shall be greatly gratified & helped by your replies to these inquiries, & shall be glad to return the favor in any way in my power.

With assurances of high personal regard.

Very Sincerely,

Principal Dawson, LL.D., F.R.S.

Leammuel Moss.

My dear Sir:

I have been requested by a lady of Chicago to
address them, in four, on the Present Relations of Scientific
Thought to Christianity. Taking pains for this interesting
subject, I shall be glad to ask also the favor of your views upon
the subject, viz:

Recd Mar 6

1. The a majority of the occupying authorities in physical
science hostile to Christianity?
2. Is there any necessary antagonism between Christianity &
Physical Science?
3. In the study of Physical Science of necessity prejudicial,
to the student himself, to a genuine acceptance of Christianity?
If not coming to mind, I shall be glad to receive replies to
these inquiries, & shall be glad to return the
favor in any way in my power.

With assurances of high personal regard,
Very sincerely,
Your obedient servant,
Principal Brown, D.D. F.R.S.
