My dear Principal Dawson

I am obliged to you for
the copy of the memorandum
on the subject of University Examin-
ations & Degrees with reference
to Professional Study. I shall certainly
do all that lies in my power to
promote the passing of the measure
referred to, and I hope also that
the other most desirable arrangements
recommended will be brought about
in due time.

I shall be proud of the opportunity
of saying a few words at the

Lobley
Mch/80

Banquet as a representative of
Sister Universities.

I highly appreciate your kind
expression of gladness at my remain-
ing in Lower Canada.

Yours very sincerely
J. A. Lobley
