

Juppé
Railway Station
Melko

Ottawa 26 April 1880

My dear Sir,

With reference to your letter of the 15th ultimo enclosing a petition from Mr. Principal Dawson, and other gentlemen visiting Little Metis, for the removal of the Station at St. Octave, I regret to have to say that, from the report of my officers, it appears that the place to which those gentlemen wish the station transferred is in every respect most

unsuitable for the general
purposes of the International
Railway. I am therefore
unable to grant the request
of the petitioners.

Yours faithfully,
Charles Tupper

J. H. Gault Esq
