Dear Dr. Dawson

I have just forwarded
to you 100 copies of your
recent article upon Hoebel
I hope that you may be
able to circulate them
to advantage. I am
glad to be able to
present to our readers
such an examination

of the enormous theorizing
of this man, and sincerely
hope that you will give
me further results of
your scientific studies
whenever it may suit
your pleasure & convenience.
I enclose a check with
my thanks, and remain
with the kindest regards
Yours all,
Josiah Libbey
