My dear Sir

Your letter of
May 4 - containing informa-
-tion in re Acrotos

Reached me yesterday.

Please accept my
best thanks for your
prompt reply. The deposit
I had reference to is of
that variety you speak of
where there are numerous
veins running parallel
but as yet the veins do not

new mouthpiece from $1\frac{1}{2}$ to
2 ⁱⁿ' in width. The workings
however are only superficial
& the width may increase
as we proceed down -

Again thanking you

I remain

Yours faithfully
