Dear Mr Principal

I thank you sincerely for the copy of the pamphlet on Evolution wh. you were good enough to send me & which I look forward to reading with care when I have a little more leisure. The work you are doing in

showing forth that
high scientific at-
tainments are quite
compatible and can
be found united with
belief in revelation
is of inestimable
value, and I can
assure that one
of the pleasures I
have derived from
joining the Board is
the opportunity there-
by afforded me
of somewhat closer

relations with yourself.

I am your truly & obliged

R. W. Norman

Principal Dawson
