

Knowlton, 20 May
80.

My dear Principal,

After a day
of worry of the worst sort, I
have at last to give up going
in to-morrow. So far as one
can be sure of anything, I
am so for getting on Saturday.
And I must then be able
to stay in till Monday. Which
may be better for our work
than if I had got in as I meant.
For, then, I must have got out
by Saturday.

What to do about Quebec for
Wednesday, I can't think. This
of Judge duty that is unshirk-
able, runs up for Tuesday
at Waterloo. But of that we
must talk when we meet.

But thanks for your so
kind invitation. As it runs out,
it is well I could not telegraph
this morning accepting it as I
sincerely wished to do. In haste,
Yours very truly,
Wm. Brewster
