Principal Dawson

My dear Sir,

Accept my thanks for
the pamphlet which you very
kindly sent me some time
ago.

I have subscribed for
the Pinceton Review for this
year. I got it through Bain
& Wente. When I subscribed
I sent him \$3 thinking that
the "N. P." might have increased
the price of it. I requested him
to pay himself and send me
the balance in postage stamps.
He kept the whole. I wrote to

Dr. Mr Kennedy of London
out. when I saw was giving it
for \$2. He told me that it
was most unjust in Bain to
keep the \$3 as the Review
credits him only \$1.80. I wrote
to Bain about it. He replied by
postal card saying that he
could not give the Review for
\$2 and live. So I have let the
matter drop. My copy has cost
me \$3 instead of \$2 - the
proper price. "I'll gang uae
maim to you then."

Queen's is to be represented
in Aletis this year in the person
of her Principal. He has taken
the house nearly opposite Mr
Tugger's

The Sabbath afternoon.

meetings are to be held this year in the dining-room of the Little Hotel. I question if the Presbyterian friends who were so bitterly opposed to our meetings in the parlour will attend there. They did not come to Mr. Pegg's last summer.

The Rev. Mr. Green of the Bible Society is to be an inmate of Mrs. Featherston's house for a while this summer.

I was down at d. Miter's last week. I called at your house but found the family engaged in the work of dining so I withdrew without conversing with any. I called on my way home but found a deserted house. I left a young chestnut

tree with Mrs Murray to give
Mrs Dawson. I distributed
5 that day.

My weather is getting better
but very slowly.

Hoping to see you soon
in Matis I remain

Yours
J. Fenwick
