London, 3<sup>d</sup> June 1880

My dear Dr. Dawson

I have been here for several days & only got your letter of the 20<sup>th</sup> ult late last night - Mrs C & the girls are here also sight seeing but return home tomorrow

I called you this morning "Liverpool eight will meet Eva on arrival" I added the last five words as the tariff is now reduced to 6 pence - The message therefore only cost 5/6 - I will give Eva the balance when she comes - She will no doubt find use for it - We will all be very

glad to see Eva & George & hope they  
will pay us a good long visit.

Mrs Pettigrew has sent me a  
telegram saying they will be glad to  
see Eva & can arrange to do so  
when she arrives or after she gets  
through her visit to us - I did not  
think it necessary to call to this  
effect. - Mr Rudolf is in Canada  
or will no doubt see you if he has  
not already done so.

I am writing very hurriedly, but  
you may depend on our taking good  
care of Eva - With kindest  
regards to Mrs D & other members of  
your family. I am

Your very truly  
G. H. Brown

Please say to William that I  
received his letter advising his destination

of partnership viz I can be of  
any service to him at any time  
I will be glad if he will let me  
know.
