Copy to Byrd

July 30/80

My dear Mr. Byrd,

I beg to introduce  
to you my son, Dr  
S. M. Duran, whom I  
have asked to confer  
with you & Mr. Wm  
Millam as to the  
remainder of "Acadian  
Geology." My idea  
is that the balance  
might be disposed of  
by auction at the

end of the year, be-  
ceiving they 50 copies  
were done up in  
cloth and sent  
to me for pre-  
sentation to friends,

I would also  
wish that the  
cuts should be  
packed up care-  
fully, and sent  
out to me this

autumn, as I pro-  
pose to use them  
for a bound = book  
of Canadian Geology  
which I wish to  
publish here.  
Dr. S. Dawson will also  
be able to arrange  
with you about  
this, perhaps to  
take them out  
when he returns.

With all kind  
regards

Remain

Yours sincerely

J. Dawson
