

Pimouski, 5 Aug. 1880.

Dear Dr. Dawson,

Ureghart Colquhoun
who did so well on the Science
side of the High School, is
anxious to enter McGill.

His mother is a widow, very
respectably connected, but she
finds it difficult to provide
for and to bring up a large
family. I told Mrs. Colquhoun
some months ago, that I
thought a scholarship could
be procured for her son
if it ~~were~~ should turn out

that, at the end of his school
work, he wished to pursue
his studies in the University.
Will you kindly make
the needed arrangements
with some friend who is
in a position to nominate
to a scholarship? I think
he will do as much credit
to Mch. as he did to the
N. School.

I saw your son George
just as he left Pimowski
pier for the steamer last
Saturday. He was well &

in excellent spirits.

I have just heard from
Moyses. The Boveys and he
sail by "the Armation" on the
2nd of September.

My holiday has been
broken in upon by an attack
of acute bronchitis. I had
to run off for a fortnight
to a warmer climate. Since
my return I have improved
wonderfully, and I am
hoping to go back next
Thursday in robust health.

With our kind regards to
Mrs Dawson, I am,

Very truly yours,
Principal Dawson & Co. Wm. Dawson.
