

Smithsonian Institution,
Washington, D. C.

September 13th 1880.

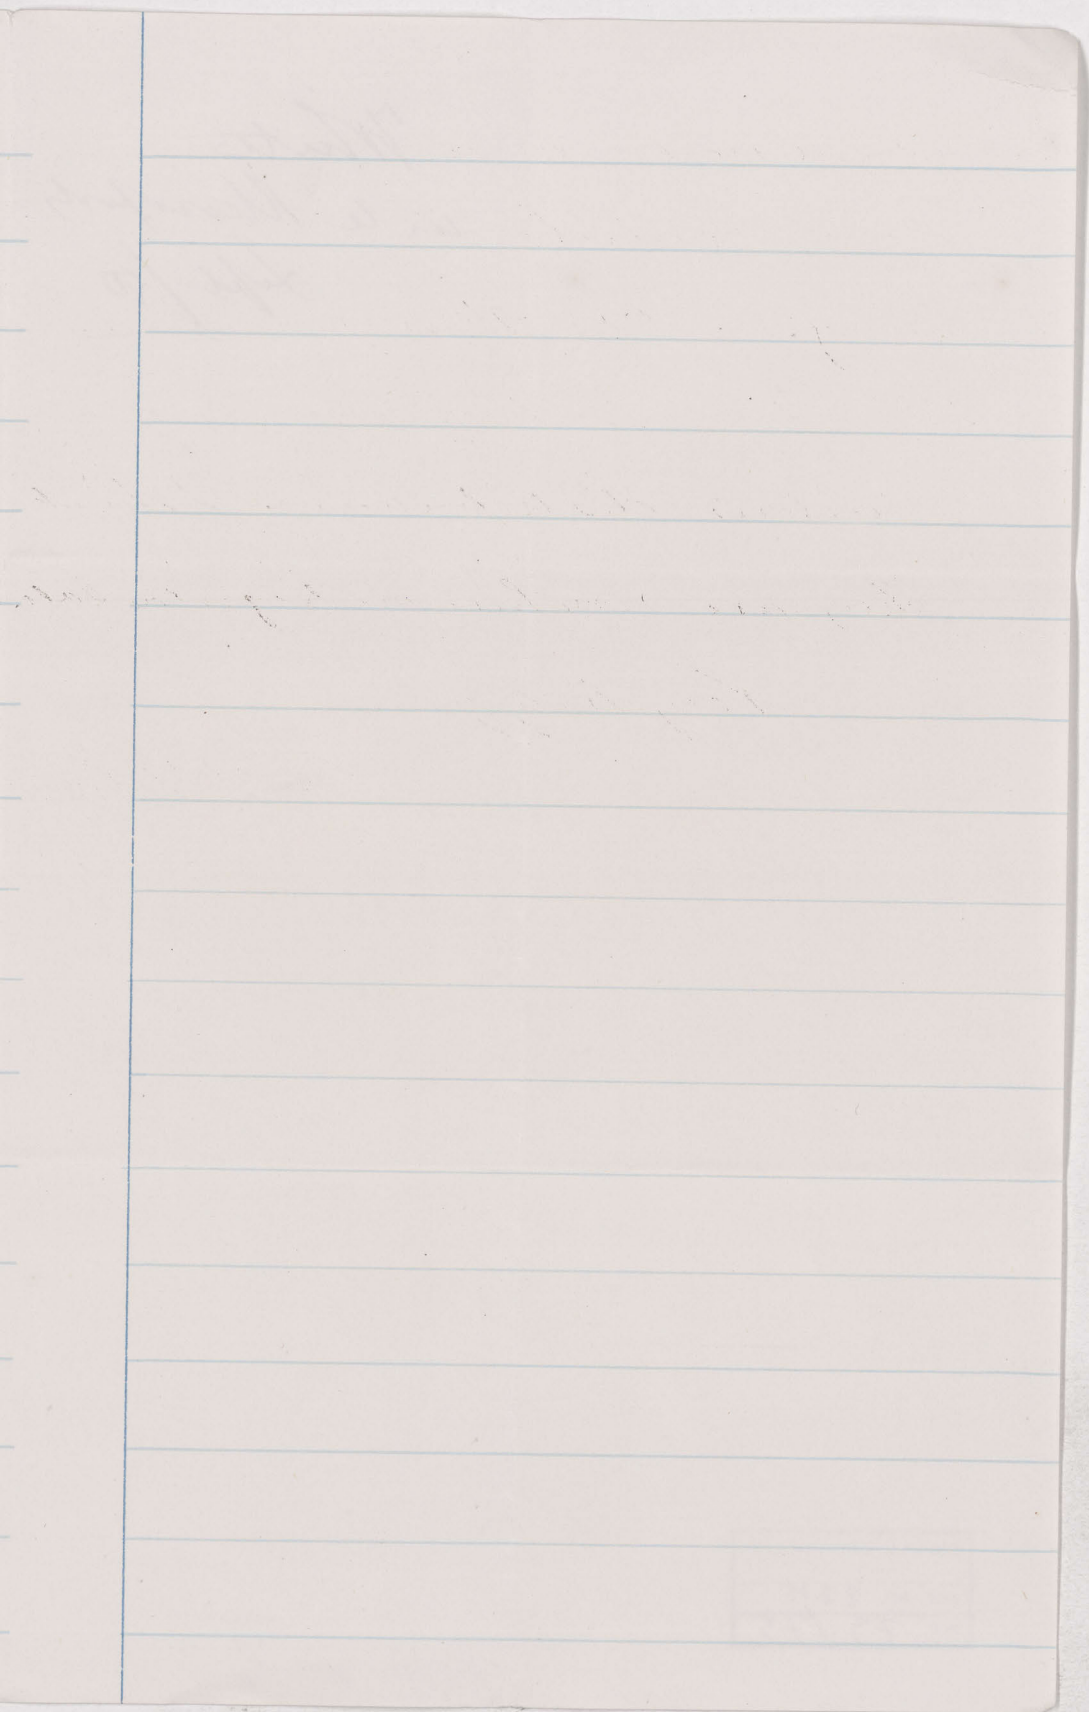

My dear sir;

Your letter of the
10th is received. I have no
doubt that Professor Baird will
cheerfully and promptly send you
a copy of Dr. Seide's work on the
Khipopods upon his return to the
City within a few weeks. A second
edition has been ordered to be printed
for distribution by the Interior
Department of the Govt., which will
soon be ready I believe. If Prof.
Baird should not be able to send
you one of the first edition, I

have no doubt a copy of the
second can be obtained before
long. Like other Govt.
publications they are for gra-
-tuitous distribution. I think
they are nowhere on regular sale.

Very truly yours,

C. A. White
