

Knowlton, 17 Sep.  
80.

My dear Principal, you will hardly be able to wonder at still not seeing me. Every hour seems to set up some new delay. And my amendment on the score of health & capacity to sleep at night, is very slow.

I was sure a very little while ago, that I should be in town tomorrow. Now, I am not sure that it may have to be Monday morning. I assure you I cannot help it. All I hope is, that with the public mind set as it must be on the Exhibition, my delay of movement won't really matter for College business.

In haste

Yours most truly  
Christie Dunkin.
