

Tweeddale Court,
Edinburgh Sept. 20 1880

Dear Sir

We had the pleasure of receiving your letter of the 30th July when your son visited Edinburgh. We regret that we did not see him when he called: he thought that he might be able to call again, but as he did not do so we presume that his engagements had prevented him:

As desired we forwarded to Liverpool the woodcuts of "Acadian Zoology," with a declaration stating the nominal

value at £10 as suggested.
We hope they may reach you
in good order

As regards the disposal
of the remaining copies of
"Academic Zoology", we think
it would be best to adopt
the plan suggested to you
by Macmillan that they
should be sold by auction
reserving what you wish for
distribution to friends. You
will, of course, communicate
to us the necessary instructions
should you decide to

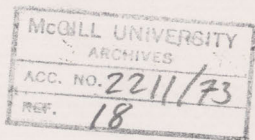

adopt this course

We are, with kind
regards,

Yours very truly
