My dear Sir

I fear my telegram to you, of yesterday asking your opinion of the prospect of boring for the Montreal Tunnel has given you more trouble than I intended. I thank you very much for your kindness in telegraphing me which should have been at my expense & credit you the cost 36.<sup>c</sup> but as I know your time is precious I did not expect you to take the trouble of writing on the subject. Mr R. P. Fraser came to me to ask advice about the matter as he had heard the work was to be done and did

not know what chance there  
might be of profitable em-  
-ployment for dearious drilling  
- in which his Coy have now  
had some experience. I felt  
desirous of assisting him in  
getting advice in the matter  
hence my application to you

On receipt of your letter we  
will be able to judge of the  
matter. my own idea is  
that the undertaking is  
too extensive to be within  
their reach.

With kind regards  
to you all I remain

Very truly Yours
