Dear Sir
The amount for work
on your house
covered down with your
& cedar — \$350

Grading — 150

500

will do the job, work

in the spring, as it will be
set back with cuts this

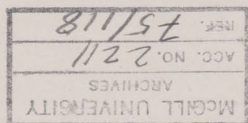

fall -
I put two loads of

manure on your grass

& garden. About 100 -

I forget - if you asked me
to put some on at the
east of the house also
on the grass - will chase
him in spring like with
side walk

Yours Respectfully
