Dear Sir.

I enclose a circular of Island Park Assembly a summer Educational Institution located in Northern Indiana. I greatly desire for the session of 1889 which begins June 29 and closes July a series of Lectures on the Relations of Science to the Bible. I have read with great pleasure and profit your excellent works "The Story of Earth and Man" and "The Origin of the World" and assure you we should feel highly honored if you could come to us upon terms mutually agreeable to deliver a course of lectures on the themes you

have discussed in such a master-
ly way in the books above
mentioned. Will you be kind
enough to address me at an
early day stating whether you
could visit us or not and if so
on what terms. I assure you
your coming would be a
matter of great interest to
hundreds of clergymen and
Laymen who enjoy a partial
acquaintance with you through
your books.

Sincerely Yours
