The Manser
Wirtis Dec. 29/80

Dear Doctor

Catalogue and letter recd
this morn. I thank you for the
former.

My mother desires me
to express to Mrs Dawson through
you her warm thanks for the beau-
tiful N. Y. card. Please add
my own thanks to hers. My mo-
ther is about as when I last wrote
Has done a little baking for
the occasion - a great change since
last one. Have every confidence
in liberality of friends to enable
us to stand a great run on the
bank of eatables during Exhibi-
tion.

Am still very busy.
Busier than the best of work
by night as well as by day.

In addition to Knox and Loggell
(by T.F.) Queen Mary (Sots) and Queen
Victoria (chromos) will figure in the
walls. A fac-simile of the National
Covenant will be exhibited - also a
box made from a part of the "Roy-
-al George".

I have invited the priest. He
came last occasion and the one
to years before.

Again my wishes and I wish
you all a very happy New Year
Yours

T. Fenwick

P.S. I rec'd a catalogue along
with your letter. I was busy at
the time. A hasty glance at the
writing on the wrapper led me to
think it was yours. Now
on looking at it again I am in-
clined to change my opinion.
