Dr. J. W. Dawson,

Montreal.

Dear Sir. I have only just re-
turned from a month's absence. Therefore
I have failed to answer your letters and
recognize your kind present to my dear
little Alice, who - when she returns with her
mother from Georgia - will appreciate
it joyfully. Your boxes have been much
delayed by two or three of the Mammals, which
we had to stuff and then let dry.

Now all have gone off to you by R.R. freight
- 5 Boxes - so carefully packed that the must
, I think, come to you in good shape.

I enclose bill of them which you will, I
believe, find correct. The other casts which
you ordered, we have ready and will send
them when you direct. The Pogon came
and we are well pleased with it.

I enclose a letter in relation to the Whale

Dr. J. W. Lawson.

Dear Sir - I have not just received from a month's absence. I have failed to answer you letter and to encourage you that I am sure that I will be able to do so when the return with the letter this week - will appreciate it. I am sorry for the delay of two or three of the specimens, which we had to stop out this day. I have seen your copy of the paper and - 2 boxes - so carefully packed that I think, can be sent in good shape. I enclose bills of them which you will receive first class. The other contents are about, we have ready and will send them when you direct. The Boggs case and we are well pleased with it. I enclose a letter in relation to the

head. Please return the letter and retain the address - if you wish it - for yourself only.

If you wish the skull prepared, - the oil bleached out and the tallow cleaned up properly - we might import it directly to Rochester and do it here, - a rather long and dirty job which would cost some \$50.

You notice that the letter speaks of a Walrus skin. This is a fine large male with long even tusks. I bought it mainly (for I have two already) because it was so cheap. (£30. would be a proper price. This will cost \$80. when it gets to Rochester. You may take it at that price, if we have the mounting of it for you at our regular price - \$150.

Possibly it might seem desirable to you to adorn the center of your large ~~to~~ museum hall with so interesting and graphic a specimen. I await the pleasure of your reply and remain

Respectfully yours
