Sir

Not having heard from you and thinking that you might have mislaid my address, I should be pleased to learn that you have had ere this - some information from Edinburgh which would explain my visit to your house.

Hearing that some doubt existed and in case that has not since been removed, I take the liberty of enclosing you a couple of letters for perusal which can be returned at your convenience.

I also enclose you Doctor's certificate by which you will see that I left Africa purely on account of health and being ordered to Canada by our Edinburgh Doctors I had no alternative but to come

If you have heard anything
of my past history and feel
satisfied, I should feel grateful
to have a little of your influence
to assist me in getting a better
position than that which I
have at present.

Trusting you will
excuse the liberty I have taken
I am Sir

Yours Respectfully

A. D. Hunter
