

Pictou 27 July 31

My dear Dr. Dawson

Would you have the goodness to ask one of your sons to enquire whether there are any audiphones or dentaphones on sale at Montreal.

They are very useful in certain cases of deafness but the high price (as per enclosed) of the U.S. article places them beyond the reach of many. If a dealer can be found please have him put in communication with me and I shall be much obliged.

I sent you a "Standard" recently with the latest news of our coal mining matters.

I ~~also~~ send a "Herald" by this mail. Do you know if the ~~news~~ items I have marked means anything good for our iron deposits. With kindest regards to you all

Dr. Dawson }  
Your truly  
J. Minnie

I hear the Montreal Tribune sometimes ago advertised audiphones
