

Have received you of July 19
and find the bill correct except
that I think you are to give the
Remains in exchange for the
Linn, as you are to be
to have I have from a shop
at one for the same. If I can get
some the same for less say the \$10
by a few amount of the other cuts,
as to the whole read my check
of July it will defray - my making my
present in Redpath to see and
pay for it. Shall if you have
no objection ask him to show to
as to the money it may be left
before to send it direct to
as it will come without any
shipment to Montreal - and the
clear up could be done
here. The volume I shall
like by you to have but have
not means to sell.

The very best I shall say
to as for as I can get a copy of a whole
copy I shall hope to send to
you at some time
