

Little Nictu 28 Feb. 1881-

Dr. Dawson  
Montreal

Dear Sir

I was told that the  
people at Grand Nictu have  
signed a petition, to try  
and remove our station  
down to their stopping place.  
no doubt it will be misre-  
-presented and made to  
appear that it is for the  
convenience of visitors -  
I thought perhaps if Dr.  
Harrington knew this, he  
might let parties at the

head of affairs know the  
difference, if necessary -  
If it is to be removed, it  
should be at our crossing  
as we turn up to the  
station as it is -

About two years  
ago, your son spoke to me  
about the way the mail  
was being conducted between  
the station and Metamora -  
The term is about up, and  
tenders are being sent in  
to the Postmaster General, Ottawa,  
for another term of four  
years, I have sent in my

Lender at as low a rate as  
I can do it for, but some  
of the French may be  
lower. If I succeed in  
getting the contract, I will  
try to have Her Majesty's  
writs properly conducted  
and on temperance  
principles.

Yours Respectfully  
J. M. Macnider  
P.M.
