My Lord,

Permit me
to thank you exceedingly
very sincerely for the
flattering proposal conveyed
in your letter of the
26th inst. I need
scarcely say that as
a loyal subject of the
Queen and an earnest
worker in the cause
of Science and Education

1871, 82
I shall receive with gratitude
any such expression of
the approbation of
Her Majesty, and shall
regard it as an ad-
ditional incentive to
devotion to the Public
interest. Allow me
to add that the
proposed distinction is
rendered still more
agreeable by the kind

terms in which the
proposal is conveyed by
your excellency.

I have the honor
to be your very faithful
servant
