

Clarke

Utica N.Y. May 29
1881.

Res. Dawson.

Dear Sir.

Pardon me
for writing you again on
the matter of the Cellulose
Primaecorn. I am quite
anxious to get the description
if your paper has yet
been published in pamphlet
form, but have thought
that possibly it may have
slipped your mind.
Will it be possible for me
to have a copy before

the 1st of July?

Yours Very Respectfully

J M Clarke

372 Genesee St

Utica N. Y.
