My dear Dr. Dawson

I herewith hand
you Bank Draft on New York
for amount of proceeds of
the endorsement fund be-
-longing to the Crozer The-
-ological Seminary (\$600)

I must express to you
my intense satisfaction
at the masterly manner
in which you treated
the subjects chosen for
the lectures and my

belief that great good
will result from the
same

So many of our scien-
tific men seem to hold
to the opinion that
religion and science
must run in opposing
channels, that it cheers
us to know that a
gentleman of your
attainments and pro-
-rituri sees nothing
but perfect harmony
in the two

Trusting that our

acquaintance may not
terminate with your
visit here I remain

Yours sincerely

Samuel A Cozer
