My Dear P. Hunt.

Many thanks for your  
kind invitation to Montreal  
(a August-1887). There is  
not the least chance of  
my being able to accept  
of it, although even I  
strongly strongly - I would  
be, of course, a most  
delightful thing to do  
so. I may be disin-  
formed, & that being  
if so it might be in

My power to join (unwillingly  
with dull & honorable  
pride, vert pt per  
from mental ~~delusion~~  
shackles:- It is as  
"Rothman" says - "my life  
for pen"; I won't fight  
you, but only with  
a few "air from  
heaven" over you if  
you grow hot & angry  
in controversy.

My very kind regards to  
Dr. Jackson & his  
excellent son; I believe my  
pen will oblige
