Principal Dawson, LL. D.

My Dear Sir:-

I had the great pleasure of listening to your course of lectures recently delivered in this city, and having the superintendency of the S. S. Parliament at Thousand Island Park July 20-29, I feel constrained to ask you two questions:

(1) Could you give us the last two of those lectures there?

(2) What would be your terms?

The Parliament is especially held in the interests of Bible students and S. S. workers, and to generally quicken the popular thought on the subject of the Bible. The distance is not great for you to come and you could do great good. If your reply is favorable I will immediately submit it to the Management.

Yours sincerely,

My Dear Sir:-

I had the great pleasure of listening to your course of lectures recently delivered in this city, and having the opportunity of the Superintendent of the S.S. Parliament at Thousand Island Park July 30-31 I feel constrained to ask you two questions:

- (1) Could you give us the last two of those lectures there?
- (2) What would be your terms?

The Parliament is especially held in the interests of Bible students and S.S. workers, and so generally spoken the popular thought on the subject of the Bible. The distance is not great for you to come and you could do great good. If your reply is favorable I will immediately submit it to the Management.

Yours sincerely,

*D. Brewster*
