Dear Sir,

Your exchange on  
New York for \$45. in payment  
for Geological map has been  
received. Please to accept  
my thanks for your very kind  
and prompt attention. I regret  
the unnecessary expense to which  
you have been put but I was  
ignorant of the charges and  
routine of your Custom House  
and it did not occur to me to  
depart from the usual mode of  
shipping as I had received no  
hint from you that any

paint would be gained thereby  
Very truly yours  
Julius Reu
