

Capt St Zupper

June 6, 81

My dear St Zupper,

In default
of the collections which
were to have been
left in Montreal by
the Geol. Survey, and
in preparation for West
Jepson's work and
for the opening of
the Peter Redpath
Museum, I have

enjoyed at my own
expense Mr Richardson
was superannuated as
the survey staff and
an old assistant of
Sir Mr Lygon to visit
certain localities studied
by Sir William and
to collect suites of
the fossils to replace
those taken from this
city. The grand trunk

authorities have kindly
given him a free pass
on their road and
as he wishes to visit
some localities further
down the St Lawrence
I take the liberty of
asking whether it
will be possible to
secure for him a
pass on the Lake
St. Lawrence.

May be considered
a public one and
my means to pay
his expenses are
very limited, so that
perhaps you may favor
us in this way.
