Dear Sir,

I spoke to Mr. Selwyn about the claim of the Logan Estate, but he does not seem disposed to do anything with it until Sir John returns from England, at least he told me he would like to see Sir John before coming to any settlement.

The Survey appropriation for the current year is I understand pretty well exhausted, and as the payment

of this claim will have to be made
out of the annual grant, there is
no likelihood of its settlement till
after the 1st of July next.

Yours truly,

B. R. Grant
