

June 10th
1881.

Honored Sir,

You would much oblige me by
sending me a gratis copy of
excellent geological and very
important works: 'Acadian
Geology. Geol. Struct., Organic
Remains and Mineral Resources
of Nova Scotia, New Brunswick
and Prince Edward Islands'
(3. edit.)

and 'Chain of life in geological time.
Sketch of the origin and succession of
animals and plants', edited by you.

Pray excuse all the trouble I give you,
I have the honor to be, honored Sir,
with the most profound respect,

Your most obedient

Subscriber Charles Kraus.

Pardubitz - Bohemia -
Austria.

Hon. Dr. W. Dawson, LL.D., F.R.S.,
Principal of the McGill's College F.G.S.,

f

Montreal, Canada.
