My dear Dr Dawson

I return the certificates signed. I stupidly signed one in the Army line, but presume it is not of much consequence.

On my return from the Squad I found the accompanying letter from Robins. Of course, if we

accede to Mr Stephen  
wishes & hold the  
meeting at 3 of our con.  
-went to Leesonsville  
till the night train  
wh. brings us to  
our destination at  
4 a m. a dreadful  
hour wherein  
amidst peoples  
houses, & we are  
both going to be  
guests at friends  
houses - Here the  
a meeting is very

important. If therefore  
you are in favour  
of the plan, I will  
ask the Secretary  
to get the meeting  
earlier if possible, say  
11.30 on Thursday,  
& failing that to  
fix it for 3<sup>o</sup>.  
I will not act till  
I hear from you.

Yrs. very truly

R. W. Norman
