

Dear Dr Dawson

I have great pleasure in acknowledging receipt of the article contributed by you to the Princeton Review.

I have sent it to a gentleman of new jersey who comes here with the engineers and then had great pleasure in getting introduced to you. As I left on the paper the words "from the author" you may yet receive from my friend a further word of acknowledgements. He is a sanibly elder of the
Presbyterian

Presbyterian Church and
as good as gold.

I am bearing in
mind the meeting
for Wednesday 13th

Sincerely yours
J. W. Tompkins
