

Quebec, 31st Aug. 1881.

Principal Dawson, C. M. G.,
LL. D., F. R. S. &c

My dear Sir,

I am today in receipt of your notes of yesterday.

I am not aware of any meetings of Sub-Committees, unless that on School Law, and I do not think that there is at present any pressing necessity for it to meet. However should there arise any business of any kind requiring your presence here on the 6th Sept. I shall not fail to notify you by letter, if there be time, if not

Letter, 31st of Aug. 1888

Principal Lawrence, C. A. S.
22 S. 7th St.

My dear Sir,
I am happy to
receive of your note of the
10th.

I am not aware
of any meeting of the
Committee, unless that our school
has and I do not think
that there is at present any
provisionary account for it to
meet. However should
there arise any business of
any kind regarding the
provisionary fund, I shall
be glad not fail to notify you
by letter, if the time, of course,

by telegram. The Chief business for first meeting is the apportionment of grants to Superior Education, and I shall try to have all papers connected with this matter so arranged as to give the Committee as little trouble as possible.

I saw by the papers some time ago that you had not been well. I trust it was nothing serious - and that the bracing air of Metis has completely restored you to your wonted health and vigour.

Yours very sincerely
George Herri
