

Sept 12/87

Dear Sir

Mr James Richardson
informs me that he delivered
to you on or about August
21st five brass specimens
Nos 9 to 13 inclusive,
for shipment in steamer
for which he holds your receipt. I have
received Nos 9, 10, 12,
and 13. No 11 which
was the most valuable
of the whole has
not been received.

I have also received

a small box sent about
the same time by Mr
Ford and not num-
bered. The steamboat
agents seem to think
that only five boxes
in all were sent,
supposing apparently that the
Ford's box was one
of Richardson's. Will
you kindly ascertain what
has become of box no
11 & forward it. It was
of some size with two
9, 10 lbs, not a small box
like the Ford's. Truly yours

Wm A. G. Wallace
