Dear Dr Dawson -

I got home all right
and found that the doctor
had announced a favourable
turn in Willie's fever -
He is going on well this
morning -

I saw Tenholme. The
negotiation is going on
satisfactorily he has got
them down to £2200. - at
which I told him to close
if

if he could do no better
- the Notary who went to
you had he says no
authority from the heirs
and was intermeddled
merely, ^{to say} if he could make
a few dollars out of
the business -

My sister's health is
declining -

With kind regards in
which my wife joins to
you and yours

I remain

Yours sincerely
